

# Referee Seminar

## Attention Head Instructors

Our next Referee seminar will be on the 18<sup>th</sup> & 19<sup>th</sup> of February.

As you would all be aware, recruiting enough referees to officiate at our tournaments is always an issue.

Therefore, in order to run these events professionally, we need a large pool of referees and we need those referees to be trained. I would therefore ask you to look at encouraging those members of your clubs who you think will make good referees and are interested in becoming referees, to attend this important seminar.

Also, please let those club members that are already Referees, to also attend for a refresher or an upgrade.

Your input into this is extremely vital, if we are to grow and improve our referee pool, therefore please discuss this immediately at your club training sessions.

All costs of registration etc will be covered by Taekwondo Victoria. So there is no cost to those wishing to do the course.

*(Offer extends only to those who genuinely wish to become referees. It is not designed to give coaches an overview of the refereeing rules. However, Coaches are welcome, but the usual cost will apply.*

The seminar will be run over the two days at:

Taekwondo Plus

203 William Street, St. Albans, Victoria, 3021

Application forms are on the TV website and those interested should email their interest by the 12<sup>th</sup> February directly to:
